Expected to graduate from **DePaul University** in Spring 2015 with a **Bachelor of Arts** in **Psychology**, minoring in **Interactive and Social Media**, on the **Dean's List** for 5 quarters. Also attended **Columbia College Chicago** for **Film and Music Composition**, where I was on the **Honor Roll** for 2 semesters.

areas of expertise:

FRONT END

For 5 years, I have been growing with **HTML**, **CSS** and **Javascript** through their incrementing versions.

My proficiency in Javascript has been earned through exploration of **libraries** such as **jQuery**, **Three.js**, **Angular**, **Backbone**, **Ember**, **Knockout**, and **Node**.

USER INTERFACE / USER EXPERIENCE

I have designed a number of products across media from **wireframes** in **Balsamiq** and **Axure**, to **paper prototypes**.

BACK END

Database: I am most comfortable in **mySQL**, but have experimented with **noSQL** offerings such as **mongoDB**.

Scripting Languages: I have intermediate knowledge in **PHP**, but recently use **python**.

FRAMEWORKS

Began working with **Ruby on Rails** five years ago, and have since migrated towards **Django** and **Laravel**.

OTHER

Proficient with **Adobe** products including **Photoshop** and **Illustrator**.

I am comfortable in a **rapid-prototyping** environment, specifically trained in **AGILE** methodology.

I am competent with **Github's** file management system.

College **psychology** courses have made me fluent in **Test Creation**, **Data Collection**, and **Statistical Analysis**.

I have been managing a **brand** over **three years** and have since accumulated **6 clients**.
